SIEMENS Solutionline

SIEMENS Powerline

Minimise your machine's operating costs and with it your costs per unit. With BLUE Power Save, you save energy costs easily and efficiently, even during non-productive time.

Characteristics

- _ Auxiliary units deactivated when not required
- _ Deactivation of air
- _ Deactivation of cooling units
- _ Deactivation of lighting

Benefits

- _ Lower consumption, lower costs: reduction in power and air consumption of the machine, significant reduction in machine operating costs

Requirements

- _ SIEMENS Powerline
- _ SIEMENS Solutionline
