Control

SIEMENS Solutionline | SIEMENS Powerline | SINUMERIK ONE

Quick and convenient operation of the machine makes everyday production work that bit easier. The operator works faster in a familiar environment with the keyboard underneath the control panel.

Characteristics

_ An additional drawer can be mounted below the control panel, depending on the control type

_ Direct access to the keyboard

_ A keyboard with PS/2 or USB connection can be used, depending on the control type

Benefits

_ More convenience: control system operated via familiar keyboard

_ Faster: changes to NC programs made on the machine itself
