The MM75 or MM440 frequency converter installed in series MC, MCi and MCH is being replaced by the current SINAMICS G120 series.

Characteristics

- _ Replacement of the MM75, MM220, MM420 and MM440 by the successor model SINAMICS G120

Benefits

- _ Lower costs: cheaper than predecessor model, which is now only available as a spare part
- _ More reliability: universal spare part availability thanks to the new model
