E/A-Module ET 200 PRO (Replacement for ET200X)

Availability | Follow-up Components

Series

MC | MCP-H | MCS

Control

FANUC | SIEMENS Powerline | SIEMENS Solutionline | uni-Pro 90

Replacement of the decentral I/O module ET 200X by I/O module ET 200pro as announced by the manufacturer. Simple changeover to the new technology by replacing entire I/O islands.

Characteristics

- Modular decentral I/O islands
- Robust construction
- Protection rating IP65, IP66 or IP67 (protection against ingress of foreign bodies and water)

Benefits

- Guarantees machine availability
- Changeover to current I/O module ET 200pro
- Simple commissioning
- After the changeover to ET 200pro: Simple 1:1 replacement of individual components if spare parts are required
