E/A-modules Cube 67 for Fanuc control

Series

MCH | MC | MCi

Control

FANUC

Replacement of the decentral I/O module from Fanuc by I/O module CUBE 67 as announced by the manufacturer. Simple changeover to the new technology by replacing entire I/O islands.

Characteristics

- Modular decentral I/O islands
- Robust construction
- Protection rating IP65, IP66 or IP67 (protection against ingress of foreign bodies and water)

Benefits

- Guarantees machine availability
- Changeover to current I/O module CUBE 67
- Simple commissioning
- After the changeover to CUBE 67: Simple 1:1 replacement of individual components if spare parts are required
